TEST TO BE MADE ON DEAD BODIES

Plea Of Albert Patrick Has Been Granted.

DIRECTS FIGHT FROM PRISON

Condemned Man Contends that Embalming Fluid and Not Chloroform Was Responsible for the Condition of Rice's Body.

New York, March 31.—Four years after the date on which he was convicted of the murder of William Marsh Rice, the Texas millionaire, Albert T. Patrick's plea, that an actual test be made to prove or disprove his contention that embalming fluid, and not chloroform, was the cause of the condition of Rice's body, has been granted. It was the office of District Attorney Jerome, and not the defense of Patrick, however, which has undertaken the investigation.

Several times during the years in which Patrick has fought his case with legal moves directed from the death chamber in the Sing Sing prison, the convicted man has begged of condemned prisoners to allow his counsel to experiment on their bodies after death in order to disprove that Rice died from the application of chloroform, as Valet Jones testified, and to prove Patrick's allegation that Rice died of general debility.

It was Patrick's contention that the embalming fluid, administered after Rice's death produced and would produce in another case conditions such as physicians, who testified in the case, ascribed to choloroform poisoning.

It was announced from District Attorney Jerome's office that the experiments to test Patrick's theory have been begun under the direction of that office. The two persons whose bodies are to be used, to either aid in giving Patrick his liberty or defeating his efforts to secure a new trial, are patients who died in the Metropolitan hospital a few days ago and the disposition of whose bodies was under the control of Dr. Louis Schultz, of the charities department of the city, who assigned them to that use. They were Luigi Carabotti, aged 56 years, and Rachel Williams, a negro woman, who was 70 years of age at her death. One was older and the other younger than Rice. Their bodies will be embalmed with the same sort of fluid which was used in Rice's case. After a suitable time has elapsed, autopsies will be held.

Want Speedy Trial.

Lawrenceville, Ga., March 31.—A petition has been circulated by citizens residing near the home of Miss Pearl Helton, over the district and elsewhere asking Judge Brand to call together the grand jury at the adjourned term of the court to be held on the fifth Monday in May next, for the purpose of giving a speedy trial to R. L., known as "Bud" Vanderford, who last week is said to have assaulted Miss Pearl Helton, near a spring by which she was passing homeward from a visit to a neighbor, within a mile or two of Carl, Ga.

Begins His Sentence.

Norfolk, Va., March 31.—Captain G. G. Jones, of the Virginia National Guard, convicted of the murder of Lloyd Cameron Robinson, formerly of Selma, N. C., whose head it was alleged he almost severed with a razor which he afterwards used in cutting his own throat, has been taken to Richmond to begin his prison sentence of 15 years. His dishonorable dismissal by Governor Swanson from the military service of the state reached here several days ago.

Acted Without Authority.

Jefferson City, Mo., March 31.—The supreme court Friday announced its decision that the St. Louis county circuit court acted without authority when it appointed a receiver for the $2,500,000 People's United States bank of St. Louis, of which E. G. Lewis is president. The decision knocks out the proceedings of Fred Essen, who was appointed after the first receiver, Holden Spencer, had been removed.

SHERIFF'S GUN KILLS WOMAN.

Scuffle Over Luggage Has a Fatal Ending On Train.

Dublin, Ga., March 31.—On the Wrightsville and Tennille passenger train at Lovett, a pistol fell from the pocket of Deputy Sheriff John A. Walden, and was fired. The ball entered the right eye of Mrs. Lorena Crabb, piercing the brain, and causing her death in about an hour.

Mrs. Crabb, in the custody of the deputy, and a man by the name of E. M. Joiner, was, it is said, trying to take her from him. Joiner had Mrs. Crabb's satchel, and was going to the door of the coach with it. Walden caught the satchel and endeavored to prevent Joiner from taking it. In the scuffle, the pistol fell from the pocket of the officer, with the above result.

There were a number of people on the car, who testify that the killing was an accident, and was unavoidable.

Among the passengers were Superintendent Holloman, of the Wrightsville and Tennille road, and Presiding Elder Mathews, of this district. They exonerate the deputy.

Mrs. Crabb was arrested in Dublin on a warrant sworn out by Mrs. Wyatt, mother of the woman, who charged her with deserting her children. She was arrested on Wednesday by Sheriff Prince, who placed her in charge of Walden, to be carried to Meadows.

The woman died shortly after the train reached Meadows. Joiner asked that she be placed in his custody, even after it was seen that she was dying, but the officers refused to do this.

The satchel which Joiner tried to take from the train contained a pistol and a box of cartridges.

No blame is attached to the officer, who was simply endeavoring to do his duty.

No Quarantine for Mississippi.

Jackson, Miss., March 31.—The house appropriations comittee has agreed to unfavorably report the appropriation bill for the state board of health. This is the most profound surprise of the session and has aroused the keenest interest in both branches of the lawmaking body. The report of the committee will deny the health board a single cent, not even allowing the usual fund and cutting out the $75,000 emergency fund for quarantine purposes for the next two years. The committee simply took the bits between its teeth and the only explanation offered for the action is that Mississippi doesn't care for any more quarantines.

Dispatch Was Erroneous.

Washington, March 31.—Director Wolcott, of the geological survey stated that the dispatch Wednesday night from Casper, Wyom., alleging that the Great dam at Alcova and the steel bridge across the North Platte river, had been carried away by a flood was erroneous. The bridge referred to, he declared, was a wooden one, erected across the river near the dam site, but he says the engineer in charge in reporting the flood makes no mention of its having been destroyed.

To Protect Their Game.

Huntsville, Ala., March 31.—Members of the Alabama Fields Trial Club have determined to conduct a campaign of education through the counties of Alabama in favor of the passage of a general game law that will protect the game of the state. Game is growing scarcer every year through the operations of pot hunters and trappers and the present law is not enforced even upon the most flagrant violators.

To Oust Fakirs.

Birmingham, Ala., March 31.—The city council, at its next regular session, will probably vote favorably upon a statute which will be introduced, ordering fakirs and fortune tellers to leave the city, and repealing the part of their present city license schedule empowering them to do business here. The action comes as a result of frequent complaint made to the police.

Several Are Hurt in Collision.

Minden, La., March 31.—In collision between a freight train on the Louisiana and Arkansas railroad and a caboose near Hope, Ark., Engineer L. E. Duelberg, of Minden, was fatally injured; J. J. Spellman, fireman, and John T. Suter and Sam Ross, trainmen, were seriously injured. The cause of the accident is not known.

GENERAL CARR HEADS BLUE AND GRAY

National Organization Has Been Completed.

OFFICERS HAVE BEEN SELECTED

Sessions Closed With a Love Feast—A Picture of Robert E. Lee Was Presented Amid Enthusiasm—Atlanta Thanked for Hospitality.

Atlanta, March 31.—With Thursday's session in the First Baptist church the reunion of the Blue and the Gray, after taking the preliminary steps to the making this a national organization, was brought to an end.

The morning session was devoted to the organization of a national association and many there were who stated that it was their belief that that action would result in a tremendous impetus to this movement which has for its mission the wiping out of all sectionalism from Maine to Texas, and the promoting of fraternity and good fellowship among the wearers of both uniforms in the sixties, who are willing to love as they fought and wipe into utter oblivion any and every hindrance to the building of the greatest nation of liberty in all the world's history.

Officers were elected whose every sentiment was for the carrying out of just such a mission.

Following are the officers of the Veterans' Association of the Blue and the Gray and Their Sons elected on Thursday:

Commander in chief, Julian S. Carr (confederate), Durham, N. C.

Adjutant general, W. M. Clark (federal), of Southern Pines, N. C.

Senior vice commander, W. H. Cyrus (federal), of Palatka, Fla.

Junior vice commander, D. P. Mull (confederate), of Fitzgerald, Ga.

Chaplain, Rev. E. Henry Byrons (son of federal soldier), of New Haven, Conn.

Surgeon general, Dr. H. A. Murphy (confederate), of St. Petersburg, Fla.

Judge advocate, W. H. Williams (confederate), of Abbeville, Ga.

Inspector general, W. H. Marston (federal), of Fitzgerald, Ga.

Committees were appointed and the next meeting place for the reunion of 1907 was left in the hands of the council of administration, and will be settled through correspondence, and given publicity throughout the country.

Resolutions of thanks to the press, the people of Atlanta for their hospitality, the pastor and congregation of the First Baptist church for furnishing a home for the reunion, such as would accommodate all of the delegates and friends interested, were passed unanimously, and many kindly expressions of good will in a more personal way were among the matters which occupied the attention of Thursday's sessions.

One feature of the afternoon session which evoked exceptional enthusiasm was the presentation of a beautiful portrait of General Robert Edward Lee to the association by John A. Lowell, of the American Bank Note company, Boston. This magnificent picture was accepted by a rising vote, with every one present on their feet and cheering, both the men who followed and the men who fought against this great American soldier.

Captain Friend, of Fitzgerald, Ga., a union soldier, spoke of his evening mission work for the Blue and the Gray.

"I am going to drive through ten states to the next reunion of the Grand Army of the Republic. I mean to do all possible mission work in bringing about the best possible feeling between the old soldiers of both armies. I know I will meet some of these men who will refuse to fraternize or have anything to do with the Johnny Reb. But I won't bother about them. As Corporal Tanner said, them never get near enough to the firing line to so much as hear the noise. I have been living for years with these old confederate soldiers, and I know that there are no better men to be found than American soldiers, no matter on which side they fought."

Heavy Loss From Washouts.

Los Angeles, March 31.—In summing up the railroad washouts to date, the Express says that Senator Clark's line alone, the San Pedro, Los Angeles and Salt Lake railroad, has suffered a loss of approximately $1,000,000 in the Nevada desert between Las Vegas and Caliente. The company estimates ten days or two weeks as the time necessary to rehabilitate the line.

CHILDREN DIE UNDER WATER.

Young Boy and Girl Drowned While Fishing in Creek.

Macon, Ga., March 31.—Mrs. Fate Brown, wife of a well-known Macon carpenter living in East Macon, while out fishing with her two small children a boy aged four and a girl aged six years, witnessed the drowning of both while she was seeking help on Walnut creek, a short distance from the farm of J. W. Minter, at Fletcher's mill. They had been on the creek only a short time when the mother crossed over and warned the children to remain away from the banks.

Soon she heard their wild screams, and rushing toward them she saw both go down into the deep stream. They had attempted to follow her and both went down together. She was unable to rescue them, and while assistance was being sought, both drowned. The body of the little girl was recovered a short distance from the point where the two children fell into the stream, but for several hours the searching party could not locate the boy. Both were brought back to the house.

Negro Lynched in Louisiana.

Flora, La., March 31.—A negro, known as "Cotton," has been lynched near Oak Grove station, in West Carroll parish, within an hour after he is alleged to have attempted to criminally assault a young white woman. Miss Blair, daughter of a contractor at a railroad camp where "Cotton" was employed, discovered the negro in her room, screamed and struggled with him until members of the family were aroused. A posse was formed and was quickly in pursuit of "Cotton," who had fled when members of the family came to Miss Blair's rescue. When captured within an hour, he was hanged to a tree.

Work Progressing on Dam.

Athens, Ga., March 31.—Work is progressing steadily on the construction of the race at Watson's mill preparatory to the building of the dam that is to develop 450-horse power for the use of the new cotton mill that is to be erected by L. F. Edwards, of this city. It is estimated that the large dam will be finished some time during the fall and that the mill building will also be well under way by that time. Mr. Edwards will erect there a large cotton mill that will have a capital of $150,000, and it will be made one of the best mills in this section of the state.

To Build Car Wheel Plant.

Savannah, Ga., March 31.—A deal has been closed by W. J. Morrison, president of the Decatur Car Wheel and Manufacturing company, and W. F. Newbert, president of the Atlanta car works, for a tract of 10 acres in the northwestern suburbs of the city, on which the former company will at once begin the erection of a $200,000 plant. The officials state that the plant will have a capacity of 200 wheels a day. It will be designed especially to meet the demand for car wheels in this immediate section.

White Woman Under Arrest.

Macon, Ga., March 31.—Under instructions from Deputy Mansel White, of Crisp county, in a message sent from Cordele, Daisy Smith, a well-dressed young woman of seeming refinement, was taken into custody at the union station by the police authorities of Macon and awaits a charge of stealing a sum of money in Cordele some time ago. She has employed counsel and will return to answer the charge. She was accused of robbing the house where she was boarding.

Mayor Dunne Endorses Unions.

Chicago, March 31.—Labor unions among municipal employes were endorsed emphatically by Mayor Dunne Thursday night at a street car men's meeting. That they should not strike was his only protest. The mayor declared that the wages shall have an equal chance in obtaining employment on the ears after reconstruction of the street car system.

FOURTEEN MINERS RESCUED UNHURT

Had Been Entombed For More Than Two Weeks.

THEY EXISTED BY EATING HAY

Miners Were Surrounded by More Than 1,000 Corpses of Their Fellow-Workmen Who Were Caught in the Terrible Crash.

Lens, France, March 31.—Fourteen of the 1,200 miners who were entombed in the coal mines at Courrieres twenty days ago, were taken from the mine alive and well Friday.

The entombed men had lived on hay found in one of the underground stables, and the morsels of food which they took into the mine with them nearly three weeks ago.

All attempts to rescue the entombed men had been abandoned more than two weeks ago.

Case Won By Transferees.

Americus, Ga., March 31.—A supreme court decision in an Americus case rendered Friday has an important bearing in transferred life insurance polices. Prior to his death, a year ago, Thomas M. Allen, of Americus, transferred for valuable consideration policies aggregating $11,000. After his death his heirs sought to recover the insurance money and were awarded a verdict in the superior court here. The transferees appealed the case to the supreme court, which Friday reversed the decision of the lower court. The case is one of general interest in life insurance circles, affecting as it does the purchase of policies by parties not related to the insured.

Bank Employe Held for Theft.

New York, March 31.—Joseph A. Turney, note teller of the bank of North America, was arraigned in police court Friday on a charge of embezzling from the bank the sum of $34,000. Cashier Wire, of the bank, appeared in court and said that the note teller had confessed to taking the money. He said $25,000 of the amount was taken before 1900. The money is said to have been used in speculation. Turney was remanded without bail until Monday. Turney is 50 years old, and has been in the employ of the bank for about 30 years.

University Building Burned.

Moscow, Idaho, March 31.—The main building of the university of Idaho was completely destroyed by fire early Friday morning. Other buildings composing the institution were not damaged, but owing to the limited fire fighting apparatus had narrow escapes. The building destroyed contained 75 rooms, including the offices of the president, registrar and the directors of the agricultural experiment station and the chemical laboratory, and was 150 feet square.

Held for Embezzlement.

Birmingham, Ala., March 31.—Cecil C. McBride, a law-book agent, is in the county jail upon two charges of embezzlement, preferred by W. R. Davis. It seems that McBride obtained a law encyclopedia and other books from J. D. Davis, to dispose of same, and that the books permanently disappeared shortly thereafter. Their total value was some $150. For some time, McBride was unable to make his bonds, set at $200 in each case.

Unable to Remove Avalanches.

Durango, Colo., March 31.—The Denver and Rio Grande officials have decided they are unable to remove the huge avalanches which obstruct the track between here and Silverton, and have set a force of men to work digging tunnels through all the larger slides. They expect the tunnels will last until late in the summer.

Family Is Asphyxiated.

Philadelphia, Pa., March 31.—A family of Austrian immigrants who arrived here three days ago, were overcome by illuminating gas in a tenement house. Schaye Weisin, the father, is dead, and his wife and three daughters are said to be dying.

DUTTON & CO. HAVE SOLD THEIR GINS

Ginnery Purchased by W. H. Rivers, a Ginner of Starke.

AN IMPORTANT INDUSTRY

This Establishment, Organized More Than One-Third of a Century Ago, One of Largest in Sea Island Belt, And Employs Many Hands.

An important deal was made in this city a day or two ago, the papers of which have just been properly recorded, which carries with it the purchase of the big ginning establishment of H. F. Dutton & Co,, of this city, by W. H. Rivers, a cotton buyer and ginner of Starke.

This transaction will probably come in the nature of a surprise to many, as the firm of Dutton & Co., cotton department, has been established for more than a third of a century, and has enjoyed the reputation of being the largest buyers and ginners in Florida of Sea Island cotton. The bill of sale in the present negotiations provides twenty gins, together with the building, etc., and all other property connected with the establishment, which is located at the junction of the Seaboard Air Line and Atlantic Coast Line railroads. The consideration was not learned.

In speaking of the matter Saturday Hon. W. G. Robinson, for years manager of the cotton department of Dutton & Co., and one of the best posted men on Sea Island cotton in the South, stated that it was the purpose of his firm to retire from the ginning business only.

It is not learned just what action the new owner of this industry, Mr. Rivers, will take, but inasmuch as Gainesville is a large cotton center, it is natural to suppose that he will continue the same here. The plant employs a large number of hands, principally women and children, during the season.

MADE A FINE PURCHASE.

T. J. Cone Bought Fine Body of Timber Land in Levy County.

One of the most important purchases of timber land recorded in Levy county for some time was that of T. J. Cone, the mill man of Raliegh, who Saturday closed a trade for timber involving $7,000, which was paid spot cash. The deal was consummated in this city, but the property in question is located near Raliegh, Levy county, where Mr. Cone has been for the past few years engaged in the manufacture of lumber.

Mr. Cone would not state the exact number of acres in the tract, but admitted that it would appear to the average lumber man rather small for the consideration paid. He stated that the tract was heavily timbered with well-matured stuff, however, and that he had no doubt he could make a fair thing out of the deal, although, as he expressed it, "there was no big thing in it."

This tract was owned by the Tillman & Simpson Estate of Edgefield, S. C., and the name of Ex-Lieutenant James H. Tillman was affixed to the deed.

MR. PRATER VERY ILL.

His Condition Reported Serious Last Night—Not Expected to Survive.

Friends of J. H. Prater of Micanopy, the serious illness of whom was reported in The Sun of Saturday morning, will regret to learn that his condition was unchanged at a late hour last night, and he was not expected to live through the night. This is indeed unfortunate, as Mr. Prater has been for twenty years a resident of Micanopy, and is a gentleman of excellent traits and Christian character.

A Pleasant Occasion.

James Vidal, son of Mr. and Mrs. J. H. Vidal, tendered his friends a social at the home of his parents, South Roper avenue, Friday evening. There were present about fifty young gentlemen and ladies, and the evening was passed in a most enjoyable manner, being taken up with games and other numbers appropriate. The refreshments consisted of delicious ice cream and cake. At the conclusion of the function the guests took their leave with thanks and best wishes to the clever young host.

LITTLE BLANCHE CUSHMAN.

Funeral Was Held Saturday Afternoon, After Arrival of Remains.

The remains of little Blanche Jarvis Cushman, the infant daughter of E. L. Cushman, and granddaughter of Mr. and Mrs. J. H. Jarvis, who died in Indiana Wednesday, arrived in the city Saturday afternoon via the Seaboard, accompanied by the grief-stricken father, who had been summoned to the Indiana home on account of the child's illness.

The remains were taken to the Jarvis home, North Garden street, where the funeral services, which were well attended, were conducted by Rev. Thos. P. Hay of the First Presbyterian Church. The floral decorations from loving friends were abundant and fragrant. The interment was in Evergreen cemetery, beside the grave of the dear mother of the child, who died several months ago.

This case is a particularly sad one, and friends of the distracted relatives extend sympathy.

CHURCH ABOUT COMPLETED.

Seventh Day Adventists Will Have Comfortable Place of Worship.

The Sun announced several weeks ago that the Seventh Day Adventists would soon begin the erection of a church building in North Gainesville. Contractor J. J. Burton, who is one of the most competent men in his line in the city, and who is also a member of that denomination, had the work in charge, and stated Saturday that the building is about completed, with the exception of a small piece of flooring, and that the seats would be installed immediately and the church ready for occupancy in a few days.

While the church is not large, being only 20x35, it is a very neat and comfortable building, situated in the heart of a beautiful oak grove, and will be ample for the purpose for several years, as the congregation is yet small.

SILVERMAN JAILED FOR THEFT.

Alleged That He Stole Curtains From the Synagogue.

Columbus, Ga., March 31.—Harry Silverman, a young white man, stepson of Rev. E. Wachman, rabbi for the Russian Jews in Columbus, is in jail charged with larceny from the house, the prosecutor being his step-father, who alleges that he stole the synagogue curtains, valued at $300. A search warrant was also issued under which the house of Harry Teitlebaum was entered and searched, but the curtains were not found there.

Rev. Wachman also sued out a possessory warrant against his wife, Mrs. Lena Wachman, to recover various articles, but afterwards withdrew the warrant. Wachman, in his capacity for the Russian Jews here, slaughters their cattle, according to the old custom. Among the articles that he alleges to be missing is his official butchering knife.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

TIME IS EXTENDED.

Delinquents of County Will Have During April to Settle Taxes.

County Tax Collector W. D. Dickinson has received information from Comptroller Croom at Tallahassee which will be gratifying news to many people of the county. Collector Dickinson has been in correspondence with Comptroller Croom for some time in the matter of extending the time for the payment of taxes, which should have expired March 31, for one month, in order to afford an opportunity for delinquents to pay up. He has received a letter granting this request, which means that the books will be open for the payment of taxes during April. Collector Dickinson states, however, that he will positively close his office on the evening of April 1, and that same will not be again open until he has completed the compilation of the delinquent tax list for publication.

These Miners Will Not Strike.

Greensburg, Pa., March 31.—Eight thousand miners in the employ of the Keystone Coal and Coke company, and the Jamison Coal and Coke company in this locality, have decided to continue work regardless of the action of the Indianapolis convention. Both companies will pay the advance demanded, although the miners are now getting a trifle more than paid to the river miners and those in that district.

Letter to J. S. Bodiford,
Gainesville, Fla.

Dear Sir: We suspect you'd like the tale, how a woman beat two hardware dealers in Girard, Pa.

We tried our best to get those men to sell Devoe lead-and-zinc in that bright town; and failed. Reluctantly took Mrs. E. R. Bowman, druggist.

They said they couldn't sell paint for more than $1.25 a gallon. Mrs. Bowman can. She has sold about all the paint that has been sold there since.

She knew Devoe; had sold our artists' materials. Had some sense and force, besides; she easily learned that cheap is dear in paint, and told the people.

Mr. Burt Young bought a gallon Devoe for rooms that had always taken a gallon of other paint; had half left.

Mr. E. H. Hiler, jeweler, painted Devoe, and says it goes further—no particulars.

Mr. John Hanna, grocer, thought it expensive before he bought it; brought back nearly half his paint, and said it was the cheapest job he ever had.

Mrs. Bowman reports universal satisfaction. So much for a cheap-paint town with a bright woman in it.

Yours truly,
F. W. Devoe & Co.,
New York.

DR. GOLDSTEIN,

..EYE SPECIALIST..

OF LOUISVILLE, KENTUCKY.

Many persons do not see as well as they should. Some see well but their eyes become tired. Others suffer with headache constantly or periodically, which medicine does not relieve, because the headache comes from eye strain, and the only remedy is a pair of glasses properly fitted by one who understands the eyes, their defects, and their relation to human ills.

WE EXAMINE YOUR EYES FREE OF CHARGE.

And when we examine them, we mean a thorough examination—as complete as can be had anywhere at any price. We explain to you what your trouble is. You get the benefit of our experience and knowledge free.

EYE STRAIN.

More headache and nervousness is caused by eye strain than all other causes combined. Good vision is absolutely no proof that the eyes are good. Many readers of this article can see perfectly, but they suffer from nervous ills of one kind or another and never think that the eyes are the cause of it all. They may have taken medicine without getting relief or may have suffered thinking there was no remedy.

PROPER GLASSES AND PROPER FRAMES.

It is great importance that glasses should be properly ground and centered and of the best quality. The frames must be fitted that they will hold the lenses in place so there will be no damage to the eye from lack of harmony between the center of the lenses and those of the eyes. Many otherwise good pieces of work have been a failure from this cause alone.

Do not neglect your children's eyes.

This is All-Fools' Day.

When lumber took a trip up several dollars a thousand, no one hardly said "trust."

There is more hope of reforming a man who is doing wrong than a man who is doing nothing.

If all the editors get into the Legislature they may be able to "club" and give the people reduced rates of taxes.

If labor continues to be as scarce as it is now claimed to be in sections of the South, the cotton acreage will surely be cut down.

Congress has done the fair thing by the Jamestown Exposition and has very gracefully came down with $1,480,000 to help along the show.

The people along the Alabama river, above Mobile, are experiencing a rush of water, the banks in some places being overflowed from four to six feet.

"Velvet steak" is what the people of many sections of Florida are now enjoying, being from cattle fattened on velvet beans, and it is as fine as any beef that ever came from the "wild and wooly West."

There are many things that try men's souls, but the man who can plant corn within twenty feet of a pond filled with game fish is the right kind of stuff to keep up with the progress of the times.

Five hundred thousand men out on strike will have some effect on every branch to trade where these coal miners are located, and it will soon effect other localities. The divine right Baer should be run up a tree.

The Florida Poultry and Agricultural Journal, a monthly publication, has made its appearance at Tampa, and as it has a field that has not been covered heretofore by any paper in the State, should meet with success. The paper presents a very creditable appearance.

Congress is getting so careful of the people's money that it won't let the foreign ministers have enough to pay for a telephone or hire a typewriter. But when it comes to building a six-million-dollar battleship there is a chance for graft, and the money is forthcoming.

President Roosevelt had to turn down Thomas J. L. Brown of Tampa, when he called on him the other day to see about the Tampa-Panama Canal Exposition. The President will be very busy with the coal strike, the rate bill and several other trifling matters, it is expected, until after Congress adjourns.

The term of office of Justice James B. Whitfield of the State Supreme Court having expired, he will be a candidate for renomination before the Democratic primary. Judge Whitfield needs no mention from us as to his soundness for the high position. He is a jurist of unimpeachable character, well versed in the law, and his past record will convince every good citizen of his worth on the bench.

NEWSPAPER MEN TO THE FRONT

There seems to be a desire on the part of the people of Florida to choose members of the editorial fraternity of the State as members of the Legislature, and in nearly every district in the State the names of editors appear as candidates for both branches of the Legislature.

The Tampa Tribune notes that among the candidates for members of the Florida Legislature are a number of editors of newspapers. Such men should be as capable of making laws as others, though few have hitherto been intrusted with that duty. If anyone shou'd know what a State needs to make it greater and better it is the newspaper man, who keeps fully abreast of the changes in conditions and the necessary legislation to meet these conditions. Few men have more claim upon a community than those who publish reputable newspapers. They labor all the time for the best interests of county and State. Many laws enacted find their origin in newspapers. There is not an editor in the State, we believe, who would be guilty of doing a thing detrimental to the best interests of the State, especially in a moral point of view, and there are some of us who do not claim to be without fault.

The Tribune believes that a Legislature, with a majority of representatives of the press of Florida, daily and weekly, would go on record as the very best Legislature whose services the State of Florida ever enjoyed.

The newspaper men of Florida compose no small part of its "bone and sinew."

As a general rule, in every city or town in Florida, it is the newspaper men who are first in advocacy of good enterprises and good movements, and last at the bier of these movements and enterprises when they expire.

The newspaper man can usually detect fraud and recognize a virture quicker than other men. He is trained, by his constant contact with all classes of life, to distinguish between the good and the evil. He can "size up" an individual or a project in much less time than the average citizen.

With a Legislature of newspaper man few bits of fraudulent or evil legislation would get through the law-making body. The lobby would be without occupation. Scandals would be few and far between, and only most wholesome measures would receive favorable consideration.

The Tribune would like to see the experiment tried in Florida. It would like to see a newspaper man as a candidate for the Legislature in every county.

The Sun would like to see the editor of The Tampa Tribune one of the "press gang" in the Legislature.

Science is working wonders. A Washington scientist claims to have discovered a method by which the soul of a living person may be photographed. But do we really want to see photographs of our souls? Not long ago a public school teacher received from the mother of little Johnny, who had only a short while before been started in physiology, a note that ran something like this: "Dere teecher: I don't want you to teech Johnny any more about his innards. It makes him sassy and don't do no good at all. So no moar at present. Yures truly." Wouldn't "soul pictures" make a lot of people "sassy" and others dejected, and "do no good at all?" It will not be a happy day when the souls of men are laid bare, by photography or otherwise. The least known about the average man, by himself as well as others, the better it is for all interests.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

There is as good opportunities for poor boys to acquire an education in Florida as in any State in the Union. The boy who sets out to go to school and graduate from the twelfth grade, has an education that will fit him for any of the ordinary business pursuits. In the State of Michigan, which has one of the best State universities in the land, with 4,000 students from every State in the Union and nearly every foreign country on the face of the civilized world, the same rule regarding admission to that institution is in force as is now applied in Florida by the new school law. And the Michigan schools are the peer of any. Florida will find in the course of a few years that the Buckman school law is all right for the rich or poor.

The howl over the killing of the Moros who borrowed the skirts of their women to wear in the fight with the United States troops is nonsense. The Moros had an easy time compared with the women and children in Cuba, who suffered all of the most horrible tortures at the hands of Weyler and his Spanish troops. The Moros were shot down, but it was men dressed as women, while the Cubans were starved.

Some of the State papers are of the opinion that the Buckman bill will be an issue in the next election. This is not at all likely because the primary enactments of the law have already been put into effect and the people are willing and anxious to allow the Board of Control to carry out the splendid program they have laid down for bettering Florida's system of education.—St. Augustine Record.

The report now comes to the front that violets are a cure for cancer, and The Savannah News says that the report comes from Germany that sunflowers are a cure for fever. It has been known in this country for years and years that in localities where fever and ague abounds, that sunflowers were destroyers of the germs of these old complaints.

Tampa has only one candidate for mayor.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

A large sawmill is to be built at Bayard by L. G. Robinson.

S. H. Getchill shipped a carload of cattle from his stock farm in McIntosh to Palatka last week.

Hon. E. S. Matthews of Starke has resigned his position as major of infantry of the Florida State Troops.

The merchants of Punta Gorda have all decided to close at 7 p. m. during the summer, except Saturday night.

Tampa is growing fast, and they have got to put a $40,000 annex on the court house to keep up with the race.

The Tampa Bay Hotel, one of the finest in the South, will close for the season April 15th. It ought to be kept open longer.

Miss Harris of Philadelphia, who is visiting at St. Augustine, was thrown from her horse Wednesday and quite seriously injured.

Lafayette Wooten, a pioneer, died at Waukeenah Monday last. He was 78 years old—the father of 19 children, 12 of whom are living.

Pensacola has decided that the vags must go to work or get out of the city. The county jail may have to be enlarged in the meantime.

The canning factory at Delray will be operated by H. M. Flagler, and the people of that section are highly pleased with the prospect.

Cecil Todhunter of Tampa is in the toils for shooting at his wife. He said he was subject to fits of insanity. The courts will decide that question.

The Rollins College boys let the Jacksonville league team win a game, so they could get a chance to go to Jacksonville and play the deciding game.

At the Atlanta meeting of the old soldiers, a Veteran Association of the Blue and Gray was organized, Dr. W. H. Cyrus of Palatka being chosen senior commander, and Dr. H. A. Murphy of St. Petersburg, surgeon-general.

The Michigan House, the only hotel at Panasoffkee opened for the reception of guests, was burned to the ground Wednesday, March 28th. There were thirty boarders at the hotel and nearly everything was saved. There was no insurance.

Starke is hustling to the front at a more rapid rate at the present time than it has in many years in the past. This can be traced to The Telegraph, which would lead a stranger to believe that Starke was a city of 5,000, backed by a good farming country. A good paper cuts a sure help.

One carload in bulk and 340 barrels comprised the fish shipments from this port for the week ending Tuesday night. The catch of Spanish mackerel for the week was unusually good, one firm alone, Geo. T. Brown & Co., having received 8,000 pounds of this fine fish on Saturday.—Punta Gorda Herald.

As predicted in the opening of the season that Coleman would ship between 80,000 and 100,000 crates of cabbage, it is now shown that the 80,000 mark has been passed and will get the 100,000 crates by the time the season is over. They are now worth $1.80 per crate and have netted the growers over $1 a crate the season through, and have put over $100,000 in the hands of the growers, which number less than 100 families, and puts the Coleman truckers in as good condition financially as any truckers in the State.

A. McLain, the Candler orange grower and velvet bean raiser, was in town today, says The Ocala Star. Speaking of the cattle business he said that Professor McKinney had just disposed of 14 head they had fattened on velvet beans to St. Petersburg parties at 3½ cents a pound on the hoof. This, Mr. McLain said, was equal to 7½ cents dressed and much better than they could have done in the Ocala market, where they were only offered 4½ dressed. Mr. McLain is a great believer in the virtues of the velvet bean and thinks they will in time be the salvation of the country.

Take a Fresh Start.

As the horses trot down to the wire in a long, straggling line a race official bangs a bell and the whole field turns and goes back to try again. A fresh start is necessary. But it is not only on the race tracks that fresh starts are essential to the achievement of results. There are countless instances of business firms taking fresh starts after visitations of misfortune. Individuals without number daily turn their backs upon discouragements of the past and take a fresh start. The man who fails is he who is unwilling to do battle over again. An individual suffers everlasting failure if, when confronted by obstacles, he refuses to gird up his loins and take a fresh start. Fresh starts are the foes of sluggishness and laziness and the guarantee of a brighter success than could be possible without them.—Baltimore Herald.

Her Method of Darning.

"The worst case of a henpecked man I ever saw," said the traveling man, "is up in my little native place among the Berkshire hills. The hen in this case is a smart woman who runs a farm and keeps everything shipshape except her husband. She is content to let him get along in any old fashion, so long as he does not interfere with her work. One day he asked her apologetically if she wouldn't darn at least one pair of his stockings, for every pair he owned had holes.

"She gave him a crushing glance and said, 'If every pair has holes, wear two pairs, and the good places in one will cover the holes in the other.' And she made him do it too."—New York Press.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.
Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.
JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of 20th inst., the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.
H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (38d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis, such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.
H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.
WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.
Respectfully. THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.
Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.
ROBT. E. DAVIS.

S L Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May 15. Respectfully,
R. B. PEELER.

To the Voters of Alachua County:

March 10th, 1906.

For County Commissioner.

To the Voters of Alachua County:

My own inclinations, coupled with the wishes of my friends, induce me to become a candidate for County Commissioner. I am perfectly willing to be dealt with by the voters of this county in a way that my actions as once your commissioner I would merit. I ask the support of the voters, in the coming primary, pledging an improvement in office as your commissioner, because of my past experience, should I be elected. Very respectfully,
W. J. MATHEWS.
